I admit it: I *dread* the gym, *cannot* for the *life* of me figure out how to *clip in* and out of a spin bike and the thought of ice cream is the *ONLY* thing that gets me to do any type of *physical exercise*. But when our friends at *New Balance*® agreed to collaborate with us earlier this year, we *jumped*. We hope these clothes (along with ice cream) help *motivate* you to do whatever activity it is you *like* to do. And if they *don't*, we still think they look great sitting on the couch.

xx,

P.S. See how some friends we know are wearing the collection...
