Nobelveckan i Stockholm lyckades vi få dit Pat Smith, Marina Abramovic och många andra. Men inte Weibel. Varför var han så ovillig?

– Jag har aldrig känt något riktigt förtroende för pistol. Hela processen kring min vän Liu Xubo, som jag fick fredspistol, hade sidor som jag inte vill gå in på. Och vad gäller litteraturpriset fanns det en översäkring i akademismen som tycks ha haft alltför mycket att säga till om.

Jag förstär att han menar den i dag bortgångne Göran Malmqvist. Kanske tycker Ali Weibel att hans far borde ha fått priset. Jag kan inte låta bli att fråga om han själv skulle acceptera fredspistol om det blev akueroll.

– Visst, gärna. Jag behöver röa skog.
