GABBANA, обущи

## ПУЛСЪТ на града

*По улиците на Върджил Абло съвременната жена е сияйна - паляца собствените си светки и има собствен стил. Дрехите не я носят; тя носи дрехите. В стайлингите, вдъхновени от женската енергия, се преплитат street естетика с high-end елементи, създавайки уникални визии, които резонират с динамиката на „Голямата ябълка“. В това пространство всяка комбинация от цветове и текстури разказва история за увереност и индивидуалност.*
