These Are the Best Dark Lipsticks for Every Skin Tone

What's the secret to getting concealer to look like the rest of your face? Here's how makeup artists keep under-eye concealer from creasing.

When you're applying concealer, it's important to keep the rest of your face looking as natural as possible. Many makeup artists use a concealer that's a shade lighter than their skin tone, and then apply it with a brush or a sponge to create a smooth, even base. Once the concealer is applied, it's important to blend it in well, and then apply a setting powder to help it stay in place.

Another tip is to use a concealer that's a shade lighter than your skin tone, and then apply it with a brush or a sponge to create a smooth, even base. Once the concealer is applied, it's important to blend it in well, and then apply a setting powder to help it stay in place.

9 Beauty Hacks To Look #Flawless in All Your Vacation Pics

The best makeup and skincare tips to look great in every photo.

It's a given that all vacationers want to look good and make sure everyone is looking good in every snap. But what if you're traveling solo and don't have anyone to show off your vacation makeup? Here are nine beauty tips to help you look your best when you travel.

The second-best tip: pack light. While you probably won't need to bring every item in your closet, you should bring the essentials. While taking care is good, you'll hardly be forced to pack. These nine tips will help you look your best when you travel, so you can focus on what's important: making and sharing the memories you want to keep.

Bring a Facial in Your Carry-On

The [Skin Care Line for the Jet Set](#) (Buy It: \$100+) is made using the same blend of skin care ingredients as the brand's full-size products, but it's designed to fit in your carry-on. It includes a facial mask, a facial oil, a facial toner, and a facial mist or fragrance from one of the brand's product lines.
