FLASHBACK

Viajamos a la primera década de 1900 junto al artista Egon Schiele, quien pintaba a las mujeres de la época con un estilo único. Nos inspiramos en los peinados de sus modelos y les dimos un twist actual.

HAIR GADGET ALERT

¿Crees que después del estilizador Airwrap lo habías visto todo en cuestión de tecnología? Espera a que leas sobre Corrale, la nueva plancha inalámbrica de Dyson. Fuimos a Londres para traerte todos los detalles.
