BALDWIN AND BEAUTIFUL

As the progeny of one of Hollywood's most attractive and combustible couples, Kim Basinger (1998 Oscar winner for *L.A. Confidential*) and Alec Baldwin (winner of three Golden Globes and two Emmys for NBC's *30 Rock* and currently on Broadway in *Orphans*), Ireland Baldwin hit the genetic jackpot. Blonde, blue-eyed, and six feet two, the 17-year-old stunner has just signed with Two Management and IMG Models, but she is quick to admit that it took her years to feel sure of herself, even though she was a star volleyball player through her sophomore year. "I went through a lot in middle school, and you always try so many different looks and try to be so many different people. I finally realized I'm awkward, I'm lanky, and I'm going to embrace it—make fun of myself and just laugh." She inherited not only her mother's extraordinary beauty but also her father's biting wit. A mainstay on social media, particularly Twitter and Instagram, where she posts "selfies" in bikinis along with amusing banter, Ireland has amassed more than 50,000 followers. She even landed her handsome boyfriend, 18-year-old stand-up paddleboarder Slater Trout, through their mutual flirting efforts on the Internet. "It's a modern-day public diary of your thoughts," says Baldwin. "You have to be careful, but at the same time it's kind of fun not to be too careful." She has a popular Tumblr account, where she blogs and gives advice to fellow teenagers. "It became huge in a really short period of time. I get, like, 50 to 60 questions a day. I sometimes may not have the experience in what they are asking, but I do my best to give positive insights and help them." With aspirations to follow her parents into show business, she plans to start taking acting classes in the fall. "For any kid raised under the circumstances I was raised—having a famous family—people often think you have everything laid out for you and you don't need to work. But everyone has to work for what they want, and everybody has to make a name for themselves." —KRISTA SMITH
